

\$1 TRILLION OF PREVIOUS COVID RELIEF REMAINS UNSPENT.¹

So why is President Biden pushing
for another **\$2 trillion?**

To pay for a **partisan wish list** of **unrelated** and **wasteful**
spending that **will do nothing** to end the pandemic or
help the economy recover stronger.

\$1 TRILLION OF EARLIER COVID ASSISTANCE STILL LEFT UNSPENT¹

But President Biden Wants Another **\$2 TRILLION?** What for?

- **Bailouts** for big-spending state governments²
- **Handouts** to insurance companies and big business³
- **Doubling** the cost for struggling small businesses to hire workers, eliminating jobs⁴
- **Growing** Washington's control over your health care⁵

THE FACT IS: most of this so-called relief has nothing to do with defeating the virus or helping the economy recover.

Americans deserve targeted relief to those who need it.
